

***Hawaiian Golden Ale*** is “Liquid Aloha”.

A light ale with subtle fruitiness, delicate hop aroma and a solid character.

A smooth, easy drinking refreshing ale. The lightly roasted caramel malt contributes to the golden hue of this beer and also gives a slight sweetness that is balanced out by the special blend of hops. The notes of citrus and flora will take you back to the beaches of O’ahu even if you never been there.

Very refreshing brew and nice and easy drinker when the sun is beating down.
