

OATMEAL
STOUT

A full bodied stout that has an unreal smoothness and satin-like texture to it from the addition of oats to the mash. The oats not only add a lot of smoothness to the mouth feel but give a touch of sweetness that is unlike any other type of stout.

Rich black body with 2+ fingers of thick mocha-colored “creamy” head. The rich roasted, chocolate, caramel, oatmeal and malt - flavours blend together for a spectacular taste. From the first velvet sip to the last, lingering drop - pure beauty.

For every **Sorrow**, Cheer.

For every **Storm**, a Calm.

For every **Thirst**, a Beer.
